April 7, 2020

Hello Families,

I hope everyone is staying healthy at home and doing well.

As we are all transitioning to the online classes, we have two more packets to deliver. Each will be a 3-week packet and will only go to families who do not have access to online curriculum. As we have six weeks remaining in the school year, these two packets are for the remainder of the year. All students with internet access and a device should be taking advantage of our online programs. Students in grades kindergarten through 5<sup>th</sup> grade will be working on Odysseyware and students in grades 6<sup>th</sup> through 12<sup>th</sup> will be working on Edgenuity.

Many parents have questions about grades: All kindergarten - 8<sup>th</sup> students will continue to have the opportunity to improve their grades while working on Odysseyware and Edgenuity. Our high school students will continue to gain high school credits as they finish the courses that they have been assigned for Block 4.

Our teacher commitment to you is that they will continue to be here to support, to reach out and communicate student success and be able to provide learning opportunities. If you are having trouble with logging into the online programs and/or your child is struggling with any of the material, please reach out to their teacher.

I want to thank our families for their understanding during this unique period in education. It has made me realize what hard working teachers we have and what a special community we serve. I know many of you have questions, I will be as transparent as possible when answering. During this time, I appreciate all of your patience, compassion, and understanding.

I also want to take a second to thank all of my staff who have transitioned to an online format and at the same time have developed non-digital options for those families who need them. Some of our fabulous teachers have taken time to be at the school on Mondays & Wednesdays to hand out meals for those who need them. I cannot thank them enough! The front office staff is also here to help. If you call the school, (602) 437-3331 if you need to reach someone. Together we are learning, growing into our new normal, and mastering online education 😊

Thank you for your continued support!

Sincerely,

*Tasha Gant*

Principal K-12
